TECHNICAL DATA SHEET

Dish Washing Liquid

PRODUCT DESCRIPTION

Blixem Dish Washing Liquid is a cost effective and high-performance Antibacterial detergent formula used for cleaning dishes by leaving no residue. It is high foaming mixture of surfactants with low to non-skin irritation. It is primarily used for hand washing of glasses, plates, cutlery, and cooking utensils. In addition to its primary use, dishwashing liquid also has various informal applications, such as for creating bubbles, cleaning of tiles and many more.

DIRECTIONS TO USE

- Fill the sink with fresh water.
- Add small amount of dishwashing liquid.
- Mix well to create a thick foam before adding the dishes.
- Rinse thoroughly with fresh water and dry with a cloth or leave to dry

KEY PROPERTIES
