

FIND YOUR FIT

STEP 1: Place your foot on a piece of paper and make a line in front of your big toe and at the back of your heel.

STEP 2: Take a ruler and measure your foot from heel to toe.

STEP 3: The length on the ruler will be equivalent on your shoe size (see size guide).

LEATHER STRETCHES...

The first time you try them on, your Veldskoен must be a little snug over the bridge of your little one's foot. Within a few hours, the leather will stretch and the shoes will begin to take on the shape of their feet.

HALF SIZE?

For kids with growing feet, we recommend ordering up. However, the best way to determine your child's exact size is still to measure their foot.

HALF SIZE? ORDER DOWN, RATHER THAN UP.

Veldskoен shoes are made on an "EE WIDE" (extra wide) last. So, if you are usually a half size, please size down and not up. For example, if you are usually a Men's UK6.5, you will fit into a UK6 Veldskoен.

LADIES, PLEASE ORDER ONE SIZE DOWN.

Veldskoен shoes are unisex, but they're made on an "EE wide" fit men's last. So, their SA/UK sizes are Men's sizes. Ladies must order one SA/UK size smaller than usual. That will be your 'recommended Veldskoен size.'

WHAT ABOUT LADIES WHO WEAR HALF SIZES?

Veldskoен shoes are made on an "EE WIDE" (extra wide) last. So, if you are usually an SA/UK half size, please round down and then go down one full size. For example, if you are usually an SA/UK 6,5, then you must order a Veldskoен 5.
