

# SUPERIOR CAL-MAG+

BONE STRENGTHENING SUPPORT

An extremely underrated yet enormously useful mineral combination, SSA Superior Cal-Mag is a product that helps the body's bone supporting structures by providing it with the elements it requires to optimally strengthen and reinforce your bones. Additionally, the combination of Calcium and Magnesium goes beyond an already epic bone support. With this product, you will see the following:

- **Rapid regeneration and strengthening of bone tissue.**
- **Noticeable mood improvements.**
- **A boost in system immunity.**
- **Reductions in inflammation.**
- **Increased control in the body's blood sugar levels.**
- **Greatly improved sleep quality.**

As a bone supporting supplement, SSA Superior Cal-Mag is great but the mineral combination makes it way more than just bone support.
