

VEGAN PROTEIN

EASY DIGESTING PLANT BASED PROTEIN

For those of you who are vegan or have just been looking for a vegan alternative to whey protein, SSA brings you its epic formulation of Vegan Protein. Not only has SSA ensured that its production of Vegan Protein tastes better than other Vegan products on the market, it has been enhanced with non-GMO hemp protein.

Many users of regular whey protein struggle with tummy and digestive issues due to lactose sensitivity and soy-infusions. However, SSA's Vegan Protein has cut the dairy and lactose compositions as well as removed the soy to guarantee an easy-to-digest protein that still has all the necessary amino acid chains that you would find in any other whey protein.

Ingredients: Non-GMO Pea Protein Isolate, Non-GMO Hemp Protein, Non-GMO Cocoa Powder, Non-Allergenic Creamer (Palm Fruit, Glucose, Emulsifiers, Acidity Regulator, Anticaking Agent, Stabilizer), Flavouring, Non-Nutritive Sweeteners (Sucralose, Acesulfame K & Stevia).

Allergen Information: Contains no common allergens, but is produced in a facility that processes Whey, Casein and Egg.
