TECHNICAL DATA SHEET

Tyre Shine

PRODUCT DESCRIPTION

Tyre Shine is ready to use water base silicone emulsion formulated for cleaning and protecting of all types of tyres fitted to cars, busses, trucks, tractors, go-carts and basically any vehicle with rubber tyres. Regular treatment will keep your rubber supple and slow down the damaging effect of the sun's UV rays.

APPLICATIONS

Tyre shine cleans, restores, and revives old tyres giving it a new look. It will instantly restore the colour and the richness to all faded and discoloured tyres. Tyre shine will ensure protection against premature ageing and cracking, leaving treated surfaces with an attractive black shiny seal.

DIRECTIONS TO USE

Wash tyres to remove all dirt and road grime, Tyre Shine should be applied to the tyre via paint brush or sponge.

KEY PROPERTIES

- Colour White
- Odour None
- Viscosity Liquid
